

How to get BioSight-ID™ activated for your BioSig-ID™ protected Quiz in Blackboard

ONLY NEEDED FOR ONLINE TESTS IN BLACKBOARD!

What is BioSight-ID?

BioSight-ID records a blurred session of student taking a test-assessment (exam).

Why add BioSight-ID?

It is used to identify instances of cheating on tests. For information on reviewing the BioSight-ID activity in a course with existing activity please see: <https://setup.biosig-id.com/portal/en/kb/articles/biosight-id-dashboard>

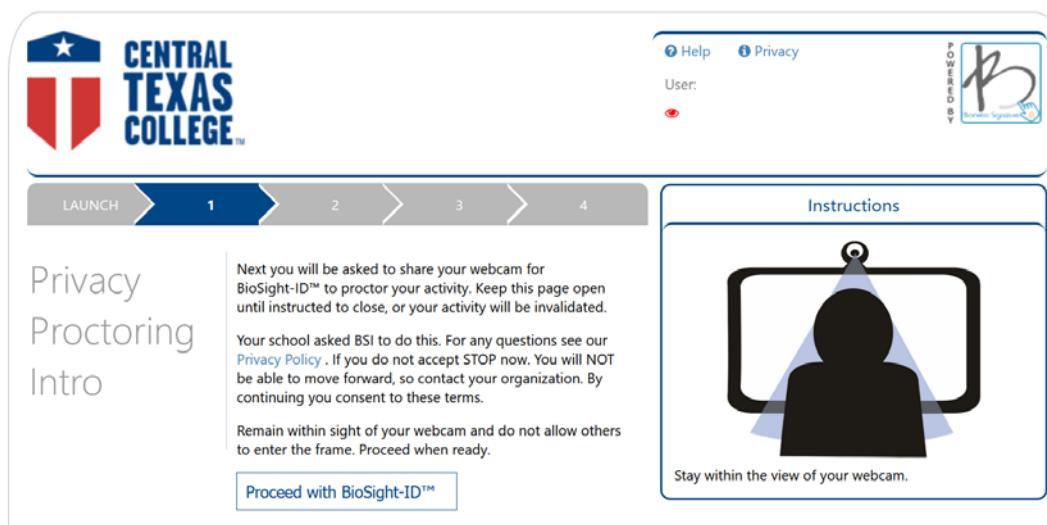

How to activate BioSight-ID in your course

Biosight is activated automatically based on the primary name of the instructor name teaching the course. If you wish to have BioSight active in your courses, please email ron.kerkenaar@biosig-id.com and rachel.lane@biosig-id.com. You only need to request this once and BioSight will be active in all of your future courses.

Once Biosight is activated, you will need to verify that each quiz/exam is BioSig-ID enabled.

To test the system, click on the BEGIN button for any exam that has the “BioSig-ID™ Options (Enabled)” active, and the BioSight-ID™ instructions will appear.

If you do not wish to use BioSig and BioSight on any quiz/exam, please adjust the chevron option to Disabled. Turn BioSig-ID™ off for that quiz or exam and that will inherently disable the BioSight-ID™ feature.

How to get BioSight-ID™ activated for your BioSig-ID™ protected Quiz in Blackboard

If you wish to use only BioSig but not BioSight on a quiz or exam, you will need to create a BioSig-ID™ tool-instance and apply BioSig on a quiz or exam using Adaptive Release rule.

Here's now:

1. Navigate to where the quiz or exam is located.
2. Click "Tools" and select "Biometric Signature ID".
3. Enter the name and description, then click Submit:

BioSig-ID instance will look like this:

Lesson 2 Exam verification

You will need to verify your identity using your BioSig ID. Once your identity has been verified, you will be able to access Lesson 2 exam.

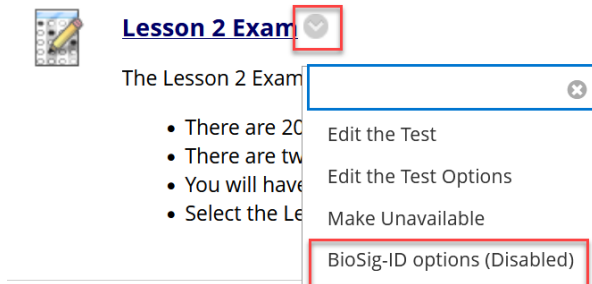

Lesson 2 Exam

The Lesson 2 Exam covers Chapter 11.

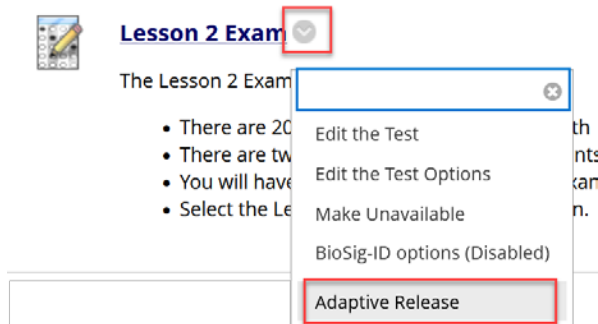

- There are 20 multiple-choice questions worth 1.5 points each, for a total of 30 points.
- There are two essay questions worth 10 points each, for a total of 20 points.
- You will have 60 minutes to complete the exam.
- Select the Lesson 2 Exam link above to begin.

How to get BioSight-ID™ activated for your BioSig-ID™ protected Quiz in Blackboard

4. Click the chevron next to the quiz/exam to ensure that BioSig-ID option is 'Disabled':

5. To apply the BioSig instance to the quiz/exam using the Adaptive Release tool, click the chevron and select "Adaptive Release":

6. Select the BioSig-ID instance you previously created, then click Submit. The quiz/test is now BioSig active.
