

On the Courses page in Blackboard, you will see each of your courses identified by both course ID and course title/name

## Decipher Your Course ID

The course ID includes not only the alphanumeric of the course, but also the course start date and a 6-digit ID number you can use to uniquely identify a course. For example, this is an ACNT1303 class that starts on 6/3/24:

Use the 6-digit ID number to find out more about a class on our [Online Course Schedule](#).

Select the start date from the drop-down menu:

Show **Online, Blended, & Sync Virtual** courses starting on

\* denotes a major start date - more online sections available

View this schedule for [past start dates](#)

Locate the ID(s). (Hint: Use Ctrl F and enter the ID in the search box.)

The **Course/Section number** gives you more information. A section number starting with TD indicates that the course is online, and a section number starting with TM indicates that the course is blended, with the lecture portion meeting on central campus in Killeen. You can hover over any section number that appears in bold to see the location where the class meets. There is also a legend at the bottom of the schedule explaining all of the section number prefixes.

Additional information after the course title specifies if the class is self-paced, synchronous virtual, blended, or just a regular non-self-paced online class (ex, ACNT1303 TD005 above).

Note the class lengths: ACNT1303 TD005 is 10 weeks long, while ACCT2301 TH003 is 8 weeks long.

If a class is OER that will be noted with Yes in OER column.

## Decipher your Course Name/Title:

The course name includes the actual delivery method, the start AND end dates, and the section number. In this example we see an online lecture Introduction to Accounting I class, section TD005, starting on 6/3/24 and ending on 8/9/24
