Academic

Math Tutor

CTC offers a free math tutor! If you are interested in using the free Online Tutor, you must self-enroll in the Math Tutoring Organization.

Academic

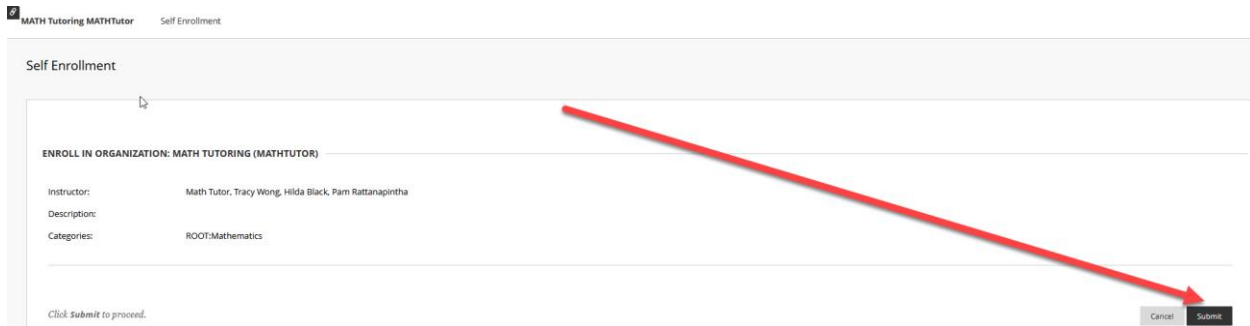

PROWL

PROWL provides essay feedback from CTC English Professors in 48 hours or less,

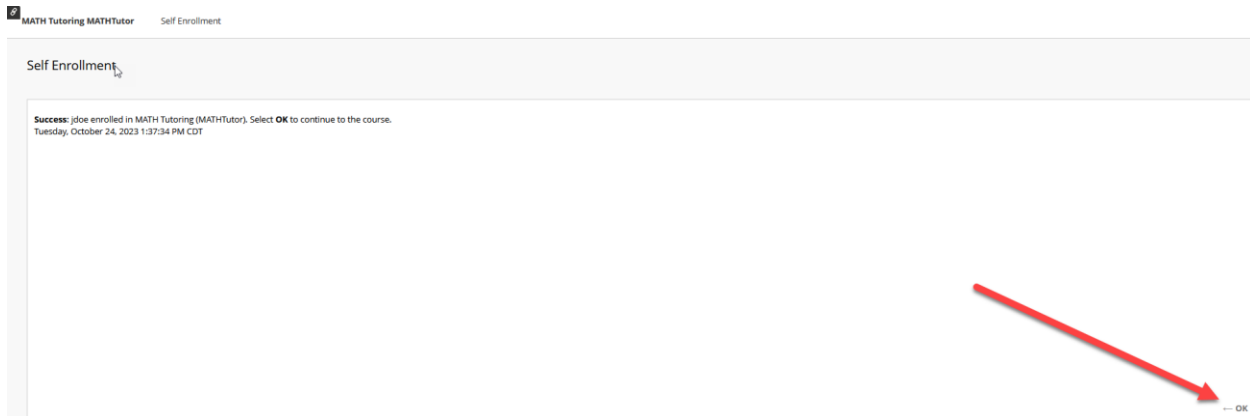

Step 4. Once in the Math Tutor's page please click enroll, refer to the picture below.

The screenshot shows the Blackboard interface for the MATH Tutoring course. On the left, there is a dark navigation menu with the following items: 'MATH Tutoring (MATH Tutor)', 'Announcements', and a green '+ Enroll' button. A red arrow points from the 'Enroll' button in the menu to the right. The main content area shows an announcement titled 'Online Math Tutoring for Math 1332, 1314, 1414, 1342, and DSMA Developmental Math courses'. The announcement text includes a 'Hello!' and states that tutoring is provided for students in those courses. It lists several bullet points: 'If your course has an assigned lab assistant (Math 2412, 2413, 2414, 2415), please utilize the lab assistant for tutoring. They work directly with your instructor.', 'For ALL OTHER courses that use mathematics, please contact that subject department for tutoring options.', 'Please review the *Read Me First* on the lefthand panel of the Blackboard MATH Tutoring course before attending this online tutoring.', 'There are no structured presentations for Online Math Tutoring. Bring your questions/problems.', and 'Click here for [Additional CTC Math Resources](#)'. Below the announcement, there is a link for 'Online Tutoring Schedule:' and a note to 'scroll down for information on accessing the Online Classroom'.

Step 5. After clicking enroll click the submit button to finalize the enrollment, please refer to the picture below.

Step 6. Please click OK.

Step 7. You should now be enrolled in Math Tutor's class, please refer to the picture below.
